Subject: Stibnite Messaging Request and Update

I have been involved in some of the meetings related to the Stibnite mine site and Midas Gold's proposal, but not all. Next week I will be at the Affiliated Tribes of Northwest Indians convention and Stibnite is on the agenda. EPA was not requested to speak and I don't plan to proactively take the floor, but I would like to understand our basic, high-level messages describing our role and current status. Could one of you please provide or have someone give me a call to talk through?

Also, Nez Perce Chairman Shannon Wheeler will meet directly with Chris, in Chris' office, on Jan 31 at 2pm. I'm guessing this topic will come up.

Thank you,

Wenona Wilson
